MATTIA PACO RIZZI (b. 1983, FR)

Architect by education, artist by devotion.

Transversal and multidisciplinary, MPR's practice is a delicate alchemy between architecture and the arts, strengthened by the knowledge of construction techniques. Rational and disciplined yet poetic, his approach revolves around diverse hybrid aspects where the drawings bring the author to converse with himself.

EDUCATION

Polytechnic University of Genoa
Master's degree of Architecture
2009
